## DECISION

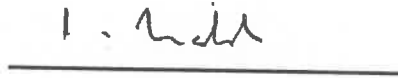

Subject: RECOMMENDATION OF THE STANDING COMMITTEE ON ENERGY (PETROLEUM DIVISION)

In pursuance of the Order of Hon'ble Lahore High Court dated December 13, 2019, the 2<sup>nd</sup> Review Petition filed by SNGPL for Review of the Authority's decision dated 10.12.2019 is not maintainable as the Authority has already decided the Review of RERR on 10.12.2019.

Keeping in view the directions of the members of Hon'ble Standing Committee and under the powers conferred under Section 6(2)(o), (q) and (y) of OGRA Ordinance, 2002 and as provided vide Rule 2(d) "Motion" of Natural Gas Tariff Rules 2002, the instant matter is treated as a Motion and the Authority decides to allow in principle 120,000 domestic connections for the FY 2019-20, subject to actualization at Final Revenue Requirement of the said year. Moreover, as regard to establishment of Regional office at Karak, the Authority observes that criteria of establishing region/sub-region has not been finalized by the Authority in the absence of credible data, which is yet to be provided by the Sui companies. Hence, keeping in view the necessity of attending/facilitating consumers under the existing stage of development of network at Karak, the Authority advises SNGPL to re-enforce its Consumers Service Center at Karak and delegate adequate powers to the same to facilitate the public. The Authority shall review ground realities later for setting up a Region at Karak. Furthermore, same directions apply to Jehangira and Pabbi consumer office.
