

OIL & GAS REGULATORY AUTHORITY

Enforcement News

Oil & Gas Regulatory Authority (OGRA) in order to monitor the movements of Petroleum products to the special freight areas i.e Gilgit Baltistan and AJK conducted one month inspections of POL Depots at Juglot, Sihala, Morgah and Chaklala in the month of March 2012. During these inspections, the movements of tank lorries alongwith petroleum supplies to the said areas were physically monitored. The discrepancies noted during the inspections were discussed with the Oil Marketing Companies in the IFEM meeting and further course of action is being taken in accordance with the Rules and the prevailing Law.
