

OIL AND GAS REGULATORY AUTHORITY  
(Gas Department)

\*\*\*\*\*

Press Release

It has been seen that some unscrupulous persons are issuing fake letters under the signatures of different Officers of the Oil & Gas Regulatory Authority (OGRA) on forged letter heads. Such forged / fake letters are addressed to the Gas Utility Companies containing therein directions for un-interrupted supply of gas to different Industrial / Commercial Consumers.

OGRA strictly condemns all such fraudulent activities and request all the Licencees, Companies, Organizations and Government Departments to authenticate all such letters, which seem forged. It is further clarified that supply of natural gas to different categories of consumers and gas load management does not fall in the domain of OGRA.
