

**PRESCRIBED FORMAT OF UNDERTAKING ON STAMP
PAPER FOR GRANT OF LICENCE FOR CONSTRUCTION/
MARKETING OF LPG AUTO REFUELING STATION**

It is certified that the instant site for LPG Auto Refueling is located on the road/highway of a minimum width of 60 feet and it is not located in a residential or congested area and neither it is adjacent to any building used for accommodation or public gathering of any sort.

It is also certified that the inter distance between two Auto Refueling Stations in municipalities/cities on either side of the road is not less than 3 KM and 5 KM in rural areas (to avoid mushroom growth) [In case some auto refueling station having earlier application date and falls within 3-5 km (as applicable) shall have the priority and its eligibility shall be fulfilled accordingly]. This shall also be applicable before grant of extension in licence in accordance with rule 8(3) of LPG Rules, 2001. It is also ensured that in future no building used for accommodation or public gathering of any sort would be adjacent to the site of refueling station.

Submission of incorrect affidavit shall render the cancellation/revocation of license and all kinds of liabilities if occurred i.e. fines, losses/damages etc. legalities shall be on the part of applicant/licensee upon cancellation/revocation of licence/application.
