

# OIL & GAS REGULATORY AUTHORITY (OGRA)

www.ogra.org.pk

## ATTENTION ALL CNG STATION OWNERS/LICENSEES PUBLIC NOTICE

Compressed Natural Gas (CNG) is high-pressure gas for which specially designed storage cylinders are to be manufactured in accordance with prescribed standards. Only such approved cylinders may be used at CNG stations. In order to ensure public safety, OGRA has recently de-listed Twelve CNG storage cylinder manufacturers which failed to complete the requisite formalities. All CNG station owners/ licensees are, therefore, directed to henceforth use the following storage cylinders only, which have been approved by OGRA:-

Sr No	Name of Manufacturer	Manufacturing Standard
1	M/s Dalmine Spa, Italy	EN 1964-1-1999
2	M/s Maruti Koatsu Cylinders (Pvt)Ltd,India	IS 7285-1988
3	M/s Inflex, Argentina	IRAM 2526:2005
4	M/s EKC Industries, Dubai	EN 1964-1-1999
5	M/s EKC Industries, India	EN 1964-1-1999
6	M/s Rama Cylinders, India	ISO 9809-1-1999
7	M/s Faber, Italy	BS EN 1964-1:2000 ISO 9809-1:1999

2. If any CNG station is found using any brand other than the above mentioned approved storage cylinders, it will be at the cost and risk of the CNG station owner/licensee and OGRA shall take action in accordance with the Rules.
