The levy is down so inflation can go low

KARACHI: The Oil and Gas Regulatory Authority (OGRA) recommended the government to increase the price of petroleum products by Rs3.90 per liter, the government decided to maintain the prices, despite rising international prices. This has been done primarily by lowering the levy.

Pumps sell petrol at high rates

JHANG: Due to lack of proper monitoring system of the Oil and Gas Regulatory Authority (OGRA) at the district level, several petrol pumps are selling petrol at high rates instead of prices fixed by the government.
