Petroleum pricing: try cross subsidy

Energy sector is the biggest concern for the newly formed government. The commodity prices are in a super cycle. Energy imports are straining the current account deficit and the gap between cost and price (recovery) is adding to the fiscal deficit. There are no easy solutions.

Fuel Shortage Reports

Reports are emerging of diesel and fuel shortages in some parts of the country, particularly the wheat growing districts of Punjab where high speed diesel (HSD) is used during the harvesting season. The Oil and Gas Regulatory Authority (Ogra) however has dismissed these claims of a shortage and has maintained that adequate supplies of petrol and diesel are available to cater to domestic needs.
