Energy crisis: LNG terminal operators set to ink long contracts

ISLAMABAD: With Federal Minister for Power Division and State Minister for Petroleum Affairs in place, the government, headed by Shehbaz Sharif, has carved out a plan to wriggle the country out of the energy crisis under which the LNG terminal operators would be allowed to utilize their excess capacity for importing more LNG and would be permitted to ink long LNG supply agreements on BtB (business to business) basis.

Gas utilities struggling to control system losses

ISLAMABAD: Despite surging oil and gas prices on the global market and the resultant rise in the import bill of two essential commodities in recent months, the two gas utilities are struggling to control their heavy losses against regulatory targets approved by the government.
