

SAFETY INSTRUCTIONS FOR CNG USERS

"Strict Compliance" with the prescribed Refueling Procedure as laid down in Standard Code of Practice of CNG (Production & Marketing) Rules 1992, is the only key to **AVOID SERIOUS THREAT TO THE LIVES OF THE GENERAL PUBLIC/TRAVELERS AND DAMAGE TO THE PROPERTY**. Report any observed breach of the refueling procedure/ CNG Rules, 1992 at any CNG Station countrywide to **OGRA**, for immediate necessary action, so as to safeguard precious lives of the travelers. As per **Safe Refueling Procedure**:

- Refuel CNG only in vehicles having **seamless and standardized cylinders of approved brand**;
- CNG cylinders are **periodically tested by HDIP and bear requisite stamp**;
- Cylinder(s) fittings and piping are well intact and safe;
- Roadside workshops and unauthorized/non-qualified fitters are potential safety threat.

Public Service Message:

قدرتی گیس کے غیر ضروری استعمال سے اجتناب آپ کا اخلاقی اور معاشرتی فریضہ ہے۔
