OGRA in collaboration with NLC arranged Training course for HTV Drivers for transportation of LPG, Pressurized Gases and Dangerous Petroleum products

Islamabad - OGRA in collaboration with NLC has arranged Training programme for the Drivers of dangerous petroleum bowsers at Applied Technologies Institute & Driving School (ATIN), having state of the art class rooms, video lectures, driving simulators, highway code model rooms, 3 Kms driving track, Drivers Fitness Labs and Drivers' test facilities.

The session was attended by the senior management of NLC, OGRA, Ministry of Communications and the Department of Explosives, LPG Marketing Companies, LPG Terminal Operators, LPG Transporters, PSO, Shell Pakistan Limited etc.

Mr. Muhammad Arif, Member (Gas), OGRA was the Chief Guest of this prestigious occasion, who has appreciated the management of NLC for the conduct of such a wonderful session for safe transportation of dangerous petroleum including LPG. OGRA has issued directions to all LPG Marketing Companies, Transporters and Producers to get their drivers trained for Preventive/Defensive Driving from NLC to minimize safety hazards during transportation.
