Power distribution sector's performance – II

T&D losses have been valued at Rs 520 billion. If losses are reduced to Nepra's (National Electric Power Regulatory Authority's) target level, there would be a saving of Rs 122 billion. If T&D losses are brought to a level of 10%, there would be an annual saving of Rs 215 billion. Combined with improved recovery potential saving of Rs 115 billion, total saving potential comes out to be Rs 330 billion.
